DATA NAVIGATOR

DETAILED RECOMMENDATIONS ON YOUR DATA CAPABILITIES AND THEIR FUTURE DIRECTION

A comprehensive diagnostic of your data capability that provides detailed recommendations and actions tailored to your business strategy.

Unlike other industry-benchmarking diagnostics, which compare you to what other organisations are doing, our approach takes a baseline from what you want to achieve and creates a gap analysis to your future.

This is supported by detailed recommendations and a blueprint for building your data capability to match the needs of your business strategy.

WHAT'S INCLUDED?

FIVE LENSES DATA DIAGNOSTIC

- Baseline evaluation
- Target state evaluation
- Gap analysis

NAVIGATOR - ACTION PLAN

- Blueprint for your data strategy
 - Detailed 'actionable' recommendations to close the gap and align your data capabilities with your business strategy

CAPABILITY REALISATION

REALISE THE POTENTIAL OF YOUR DATA

Experts teams to improve data capability

- Small, expert teams that will be agile around your priorities
